jgs

Congratulations !

From now on, the ``ls`` command will automatically
show a "/" character at the end of directories.

Congratulations, mission 10 has been successfully completed!

```
 |                                                                      |
